

# How RedIron Helped Hallmark Transition Seamlessly To The Cloud

Transitioning your retail stores to the cloud can be complex. We get it.

Staying on-prem could hold your retail business back fromthe growth you deserve. Hallmark knew that to remain a leader in the industry, they had to transition their retailstores to the cloud. RedIron helped Hallmark navigate that transition so they were set up to scale successfully.

#### What Hallmark Was up Against

High Stakes Environment

Every major retailer struggles

with technical debt, making

it hard to keep up with

industry trends. Remaining

Clunky Workflows & Operational

& Operational Inefficiencies

Hallmark was operating in an on-prem data center, making it difficult to streamlineworkflows and maximize their investment. Fast Paced Competitive Landscape

Hallmark knew that to stay relevant and competitive in their industry, they had tomeet customer demands by operating in the cloud.

the biggest competitor in the industry required agility.

## RedIron Helped Hallmark Secure Their Position in the Future of Retail and Can Help You, Too

RedIron delivers comprehensive, end-to-end migration services and technology solutions for growing retailers. With our expertise, you'll set yourself up for the growth you deserve.

#### How RedIron Helped Hallmark Transition with Ease

Specialized retail expertise enabled us to map out the entire project from start to finish whileavoiding common pitfalls. We understand the nuance of retail better than companies focused on other verticals, allowing us to offer Hallmark the retail-specific functionality they needed in the moment. Through our process, we helped alleviate the stress that technical debt could have caused while adding new systems to future-proof their business.

With RedIron, Hallmark gained more than just a vendor — they gained a partner they could fullytrust to support them throughout the entire project. Our support team is always available toanswer the phone and offer guidance as needed. The experts at Oracle keep your applicationsup and running so you can rest easy with full confidence our team is there when you need us.

Specialized retail expertise enabled us to map out the entire project from start to finish whileavoiding common pitfalls. #### The Results

#### Competitive Advantage

Through our partnership,
Hallmark seamlessly
transitioned their retail
stores to the cloud. As
a result, they've stayed
competitive and relevant
in a crowded market.

### Revenue Growth Through Product Enhancements

Our team of experts helped streamline workflows for the Hallmark team. They were able to seamlessly add new features and functionality. This allowed Hallmark to take advantage of new buying trends to move more inventory to their customers.

#### Peace of Mind

Knowing they had an expert partner throughout the process gave Hallmark peace of mind. Their team gained clarity on where their business was and where the project stood.

**Margaret Jones** 

Hallmark Retail Technology Director "We appreciate and value the continued rigor, discipline, and quality we've come to expect now for the various initiatives RedIron is affiliated with. That's a testament to your team."
